The diagram illustrates a sequence of seven stages, each represented by a set of horizontal lines. The first stage has a solid line above a dashed line, with a solid line below. The subsequent stages have a solid line above a dashed line, with a solid line below. The stages are labeled with the Greek letter θ below them.

A diagram illustrating the decomposition of a 10x10 grid into 10 2x2 blocks. The grid is represented by a large rectangle divided into a 5x2 grid of smaller rectangles. Each of these smaller rectangles is further divided into a 2x2 grid of even smaller rectangles. There are 10 such 2x2 blocks in total, and each is labeled with a 0 below it.

The diagram illustrates a sequence of seven stages of a process. Each stage is represented by a set of horizontal lines. The first stage has a solid line at the top and a dashed line below it. The subsequent stages show the solid line moving down towards the dashed line, with the dashed line also moving down. The stages are labeled with the Greek letter θ below them.
